Where Laughter Works

Introduction:

Nancy Weil began to laugh at a very young age. Soon after she discovered words and has not stopped talking since! Today Nancy will bring some of these words to our group. With a degree in business and a career that has encompassed dog groomer, small business owner and aftercare director for a cemetery, Nancy has seen the difference that laughter can make in any situation. She is a member of the Humor and Health Association of WNY, the Association for Applied and Therapeutic Humor and is a Certified Laughter Leader through the World Laughter Tour. Nancy has further certifications as a Grief Services Provider, Funeral Celebrant and Grief Management Specialist. Nancy knows the power that laughter and humor can provide to ease suffering, reduce stress and enhance your life. Oscar Wilde wrote that, "Life is far too important a thing ever to talk seriously about." Luckily for us, Nancy takes laughter seriously and life lightly. Welcome Nancy Weil.
